Drawing version v3.11

Circular rigging points are all 1 Ton motors.
Diamond point is an 8' inflatable ball that can be attached to track in the ceiling. All truss is Christie Type B.

A diagram showing four nested rectangles. The innermost rectangle is labeled 10'. The next rectangle out is labeled 20'. The third rectangle is labeled 30'. The outermost rectangle is labeled 50'. The rectangles are nested such that each subsequent rectangle is larger than the previous one, with the dimensions increasing by 10 units for each step.
