Drawing version v3.9

Circular rigging points are all 1 Ton motors.
Diamond point is an 8' inflatable ball that can be attached to track in the ceiling. All truss is Christie Type B.

A diagram showing four nested rectangles. The innermost rectangle has a width of 10' and a height of 10'. The next rectangle out has a width of 20' and a height of 20'. The third rectangle has a width of 30' and a height of 30'. The outermost rectangle has a width of 50' and a height of 50'. The rectangles are nested such that each side of the inner rectangles is 10 units away from the corresponding side of the next outer rectangle.
